

ENVIRONMENTAL HEALTH AND SAFETY (EHS) POLICY

KenolKobil is committed and dedicated to the sustenance, maintenance and enhancement of the environment in conjunction with the communities in which it carries out its business activities.

The commitment encompasses the protection of members of staff, customers, both communities and the general public on health and ensures that KenolKobil activities enhances and improves on their safety, which is reflected in its Motto “KenolKobil cares for you”. Through this commitment, KenolKobil conducts its business with the vision of satisfying the economic aspirations of humanity and at the same time maintaining a friendly environment that guarantees health and safety.

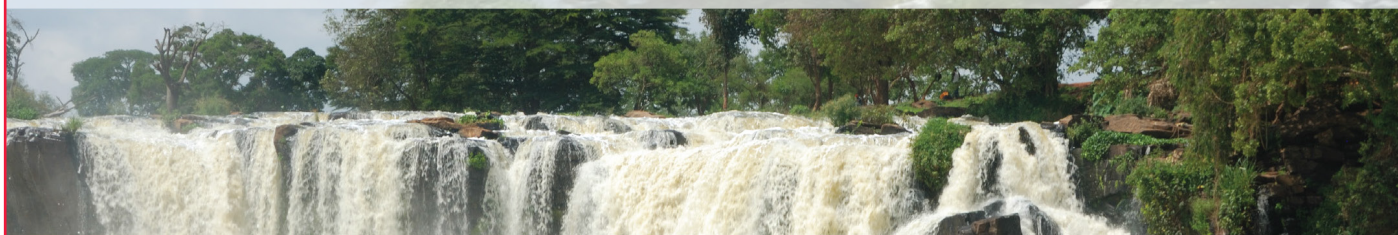

The Management has the responsibility to realise the commitment to Environment, Health and Safety by conducting business in a manner acceptable to the public and in compliance with statutory legislations and protocol.

To achieve this policy and to ensure high standards in its operations, the company shall be guided by the following objectives:

- To recognise that long-term business only thrives in an environment that is friendly, healthy and safe.
- To comply fully with all laws governing Environment, Health and Safety and work together with public service to create an open and constructive relationship.
- Require that all stakeholders are notified and comply with this policy.
- To ensure that business activities cause no harm to people.
- To carryout regular training to members of staff, contractors, customers and the general public on the importance of Environment, Health and Safety.
- To create, promote and propagate a culture in which all members of staff, as one team, identify and share the Company’s commitment to Environment, Health and Safety matters.
- To guard against misuse of oil as an energy resource and always encourage efficient use for optimum benefit.
